

Bethlehem Science Fair 2018 (Sample)

Judges Form (Projects are due March 21st at 3:00 PM)

Grade _____ Number ____ Project Title _____

Category (circle one) Experiment, Demonstration, Research, Apparatus

Place a 1, 2, or 3 in each blank: **1** for poor or little evidence, **2** for fair or some evidence, **3** for good or much evidence. If you can't decide, give a 2.

Presentation Board (only judge the board)

Overall Effect (general impression) _____

Neatness/organization _____

Question clearly seen _____

Conclusion (Did they somehow answer the question?) _____

Written Report (only judge the report)

Neatness/organization _____

Purpose (Can you find the purpose of the project in the report?) _____

Evidence of Research (Can you tell that they read books or learned something about the subject?) _____

Conclusion (Can you find the answer to the question or what they learned?) _____

Grammar/Spelling/Mechanics (Are mistakes obvious, not so obvious, or rare?) _____

Effort/Skill (overall project)

Originality/uniqueness (ordinary, different, or very different) _____

Difficulty of project for grade level _____

Organization (How are things arranged? How easy is it to find information?) _____

Essence of Project (Depending on the category, did they actually do it? If it's a research project, did they do research? If it's an experiment, can you tell they did an experiment? Was it the correct experiment to do? If it's a demonstration, did they demonstrate?) _____

Experiment Skills (only for experiment projects) (Question and Conclusion were already covered above.)

Hypothesis stated (Do they tell you what they thought would happen?) _____

Experiment design skills (Was it the correct experiment to do? How well did they design it?) _____

Total Points (out of 39, 45 points for experiment projects) _____

Possible Ribbon Ranges (33+, 38+)-Blue (26+,30+)-Red (18+,21+)-White (below 18,21)-Green
